## **HOW VILLANOVA COLLECTS THESE RESULTS**

The Career Center conducts several surveys of Villanova's spring undergraduate graduating class, starting the April before graduation and ending six months after Commencement, to assess post-graduation plans and employment information. Information is also collected via public record (LinkedIn) and official employment and institutional records. A small percentage of graduates reported prior to graduation that they were seeking opportunities, but did not provide an update during the survey collection period. These students are not included in this outcomes data. The percentage of the graduating class with known career outcomes is the knowledge rate. The knowledge rate for the **Class of 2023 is 83.5 percent.**
